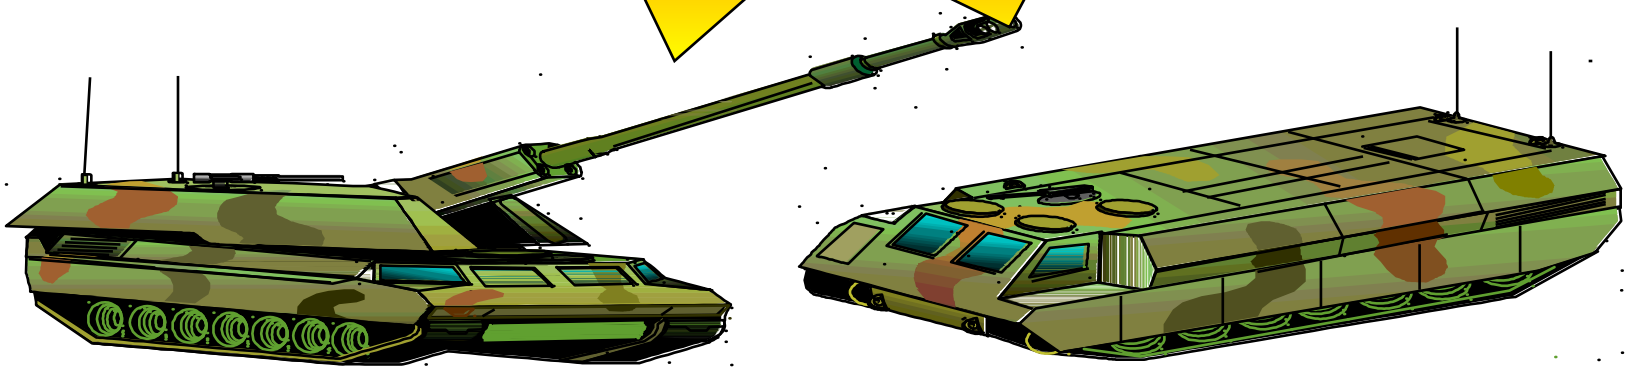
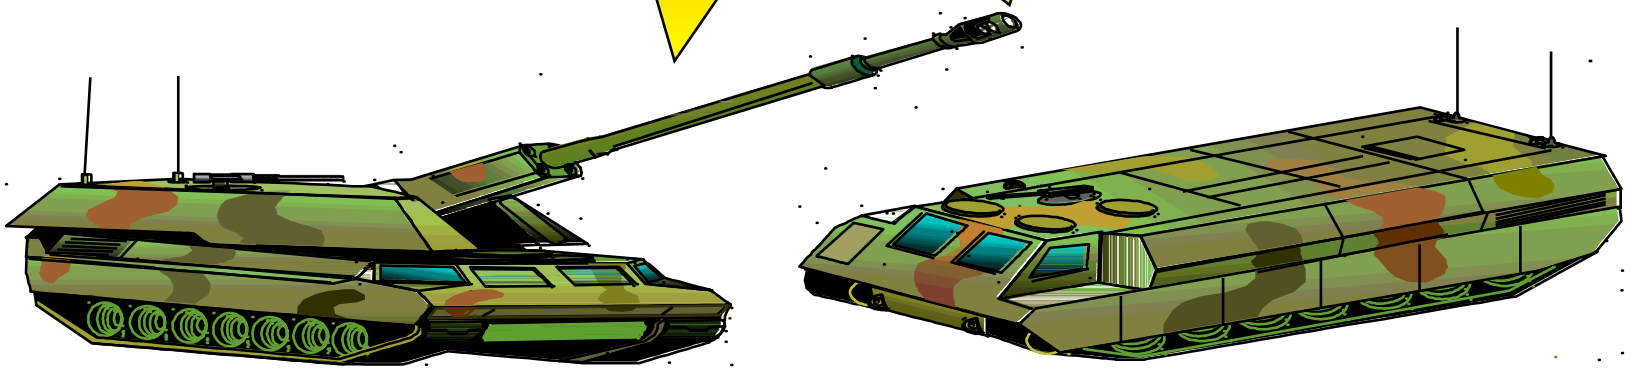
FIRE SUPPORT PLANNING



CAPTAINS CAREER COURSE

FIRE SUPPORT PLANNING



TERMINAL LEARNING OBJECTIVE

- **ACTION: Review Fire Support Planning.**

- **CONDITIONS: In a classroom, given FM 6-71 and a student handout,**

- **STANDARD: Review fire support planning process within battalion fire support element and its relation to the Military Decision Making Process.**

TERMINAL LEARNING OBJECTIVE

2) Targeting methodologies

3) Executing a fire plan

4) Offense/Defense

5) FSCM

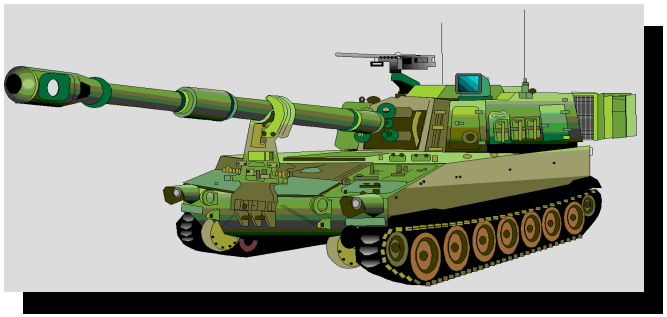
FS PLANNING

- Continual process of analyzing, allocating and scheduling fire support.
- Goal - Effectively integrate fire support into battle plans to optimize combat power

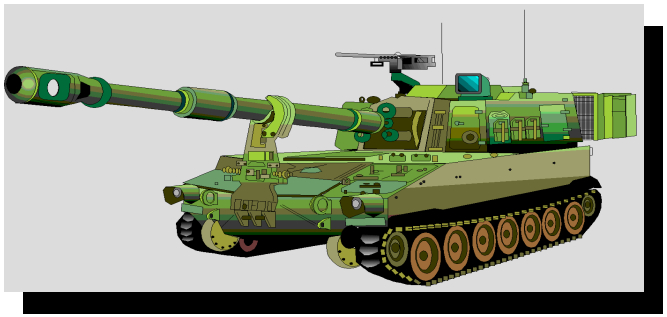
Synchronize Fire & Maneuver



FS PLANNING

- Continual process of analyzing, allocating and scheduling fire support.
- Goal - Effectively integrate fire support into battle plans to optimize combat power

Synchronize Fire & Maneuver



TARGETING OBJECTIVES

- **Disrupt**: Break apart, disturb or interrupt an Enemy Function.
- **Delay**: Slow the arrival of a unit (formation) on the battlefield.
- **Limit**: Restrict where the Enemy will pursue a COA.
- **Divert**: Tie up critical Enemy Resources.

TARGETING OBJECTIVES

- **Disrupt**: Break apart, disturb or interrupt an Enemy Function.
- **Delay**: Slow the arrival of a unit (formation) on the battlefield.
- **Limit**: Restrict where the Enemy will pursue a COA.
- **Divert**: Tie up critical Enemy Resources.

TARGETING OBJECTIVES

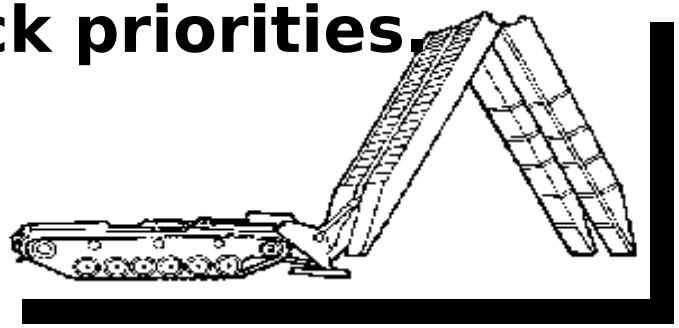
- **Destroy: Maneuver Commander (staff) must quantify.**
- **Damage: Nuclear/Battle Assessment.**
- **Harass, Suppress, Neutralize and Destroy: The intensity of fires required to achieve the desired effect specified by Disrupt, Delay, Limit, Divert or Destroy.**

TARGETING OBJECTIVES

- **Destroy: Maneuver Commander (staff) must quantify.**
- **Damage: Nuclear/Battle Assessment.**
- **Harass, Suppress, Neutralize and Destroy: The intensity of fires required to achieve the desired effect specified by Disrupt, Delay, Limit, Divert or Destroy.**

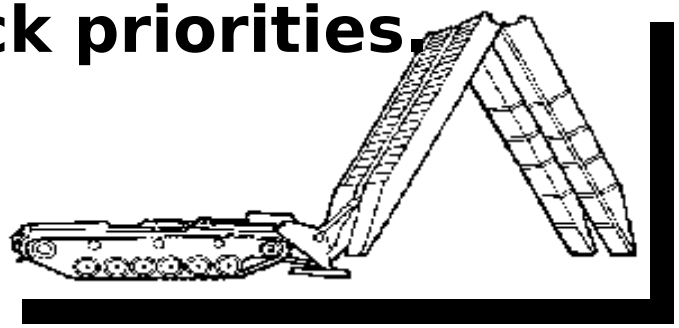
DEFINITIONS

- **High-Value Targets: Targets important to ENEMY Cdr to accomplish his mission.**
- **High-Payoff Targets: HVTs that must be acquired and attacked to greatly assist in the success of FRIENDLY operations..**
- **Attack Criteria: Compilation of Cdr's guidance, desired effects of attack, high-payoff Tgt lists and attack priorities.**



DEFINITIONS

- **High-Value Targets: Targets important to ENEMY Cdr to accomplish his mission.**
- **High-Payoff Targets: HVTs that must be acquired and attacked to greatly assist in the success of FRIENDLY operations..**
- **Attack Criteria: Compilation of Cdr's guidance, desired effects of attack, high-payoff Tgt lists and attack priorities.**



TARGETING METHODOLOGIES

D^3A
Decide, Detect, Deliver, Assess

- **Must be fully integrated into the Cdr's MDMP to ensure targeting is synchronized with all aspects of the Cdr's plan.**

TARGETING METHODOLOGIES

D^3A
Decide, Detect, Deliver, Assess

- **Must be fully integrated into the Cdr's MDMP to ensure targeting is synchronized with all aspects of the Cdr's plan.**

DECIDE

- **Provides the Focus and Priorities for intel collection and attack planning:**
  - **What HPTs must be located and attacked?**
  - **Where and When they will likely be found?**
  - **Who can locate them?**
  - **How they should be attacked?**
  - **(What, Where, When,Who and How)?**

- **To assist Cdr, Staff uses:**

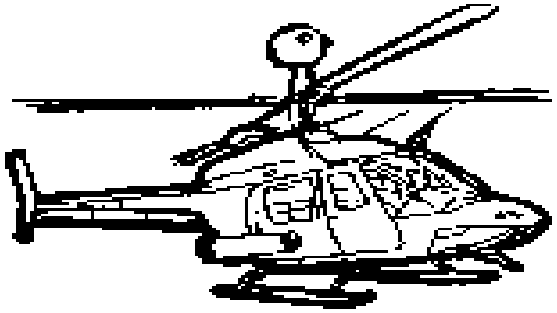
IPB and Target Value Analysis (TVA).

DECIDE

- **Provides the Focus and Priorities for intel collection and attack planning:**
  - **What HPTs must be located and attacked?**
  - **Where and When they will likely be found?**
  - **Who can locate them?**
  - **How they should be attacked?**
  - **(What, Where, When,Who and How)?**

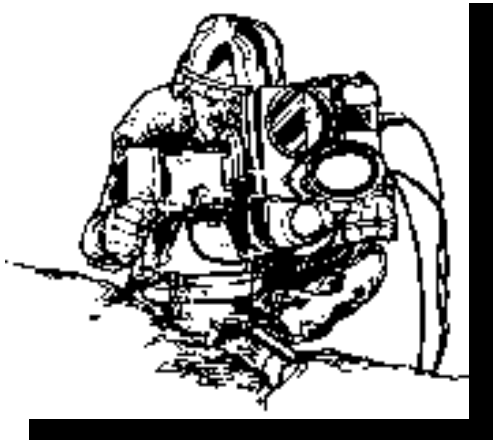
- **To assist Cdr, Staff uses:**

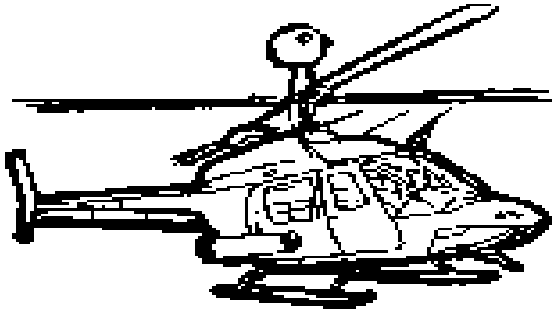
IPB and Target Value Analysis (TVA).



DETECT

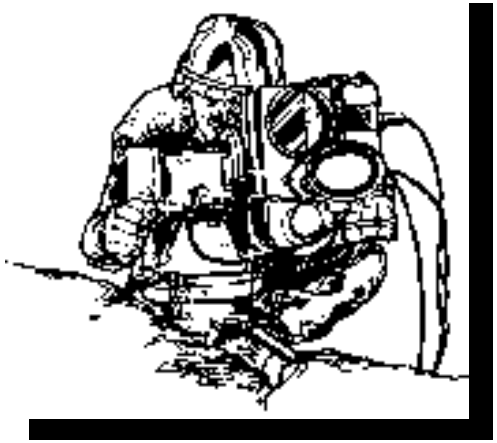
- Execute the collection plan developed during the decide function.
- Acquisition assets tasked to find specific





DETECT

- Execute the collection plan developed during the decide function.
- Acquisition assets tasked to find specific



DELIVER

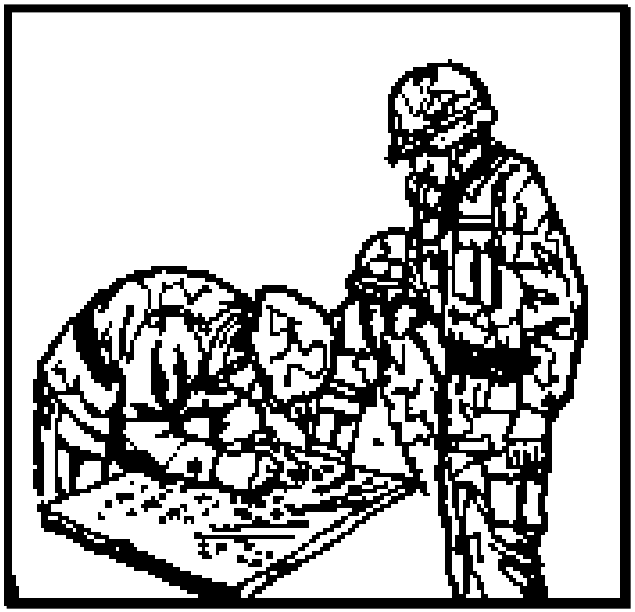
- **Execution of attacks against tgts:**
  - **Designated in the decide phase**
  - **Acquired in the detect phase**

DELIVER

- **Execution of attacks against tgts:**
  - **Designated in the decide phase**
  - **Acquired in the detect phase**

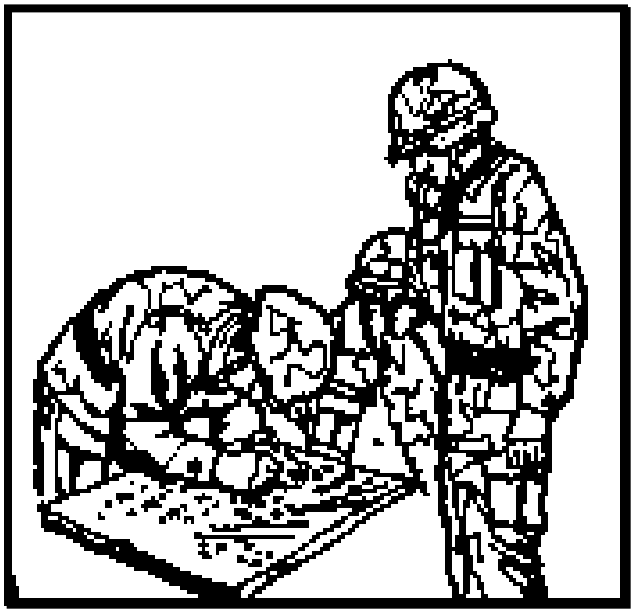
ASSESS

- **Provides feedback on the effectiveness of attack systems and tactics.**
  - **Battle Damage Assessment (BDA)**
  - **Munitions effects**

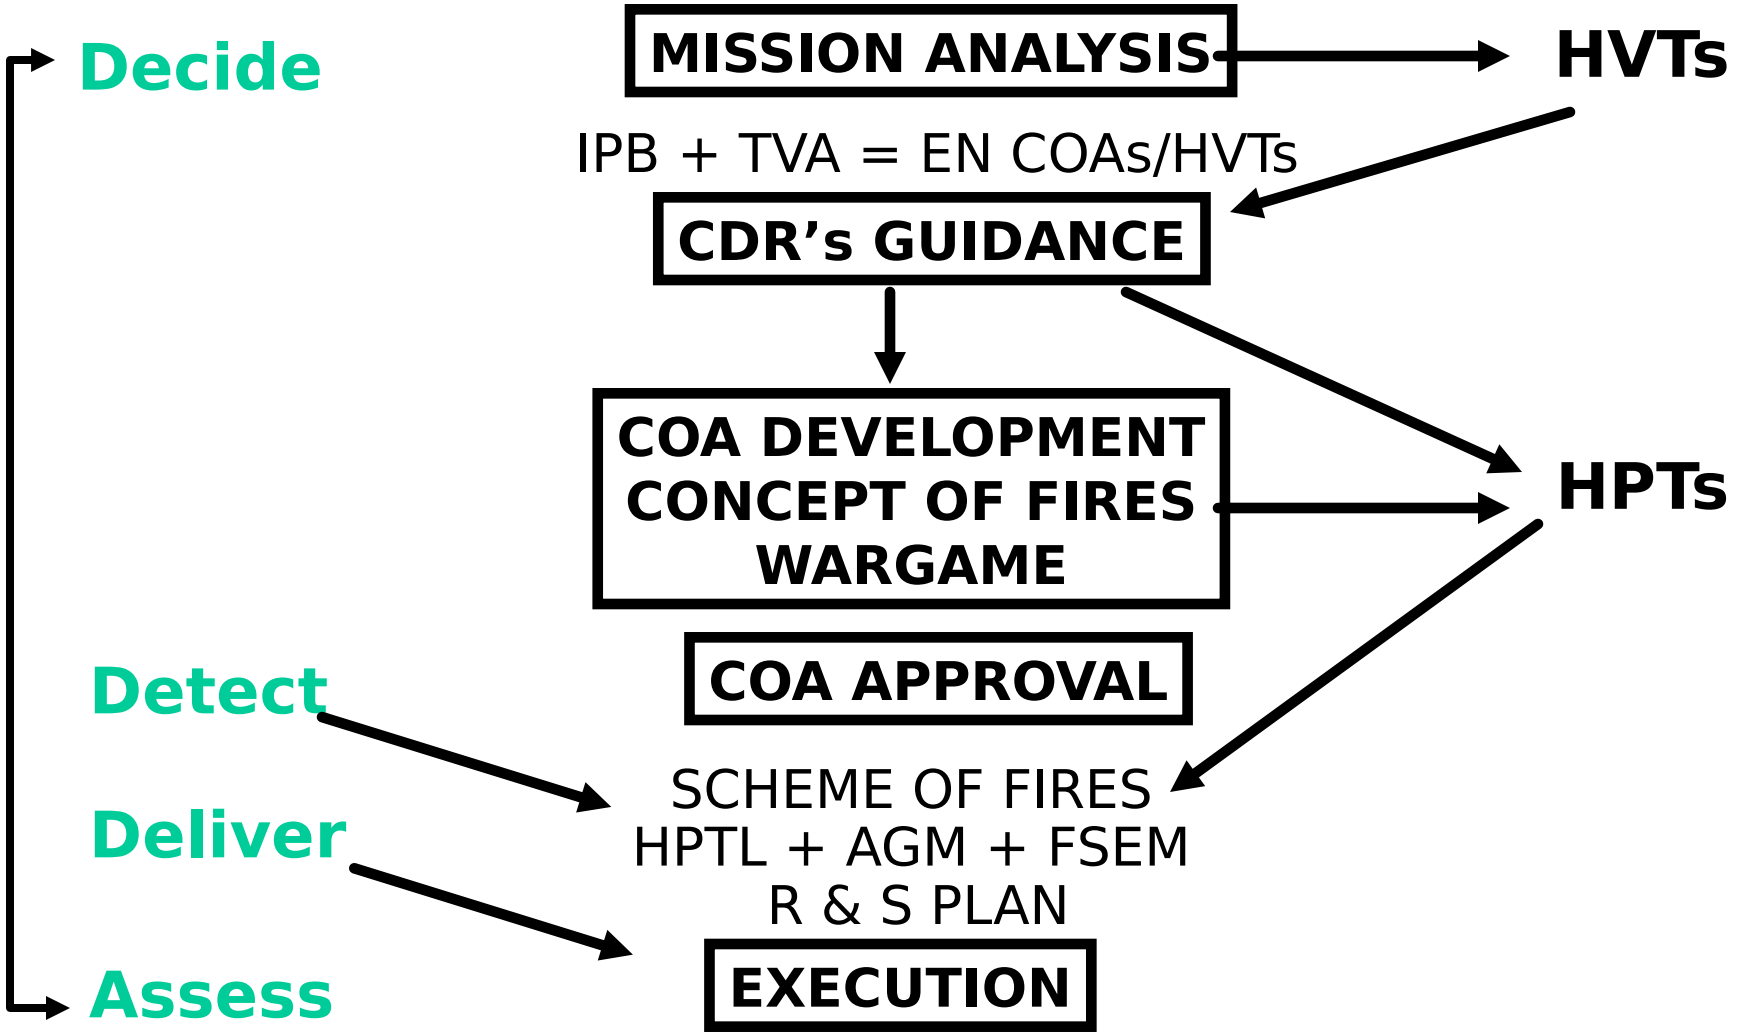


ASSESS

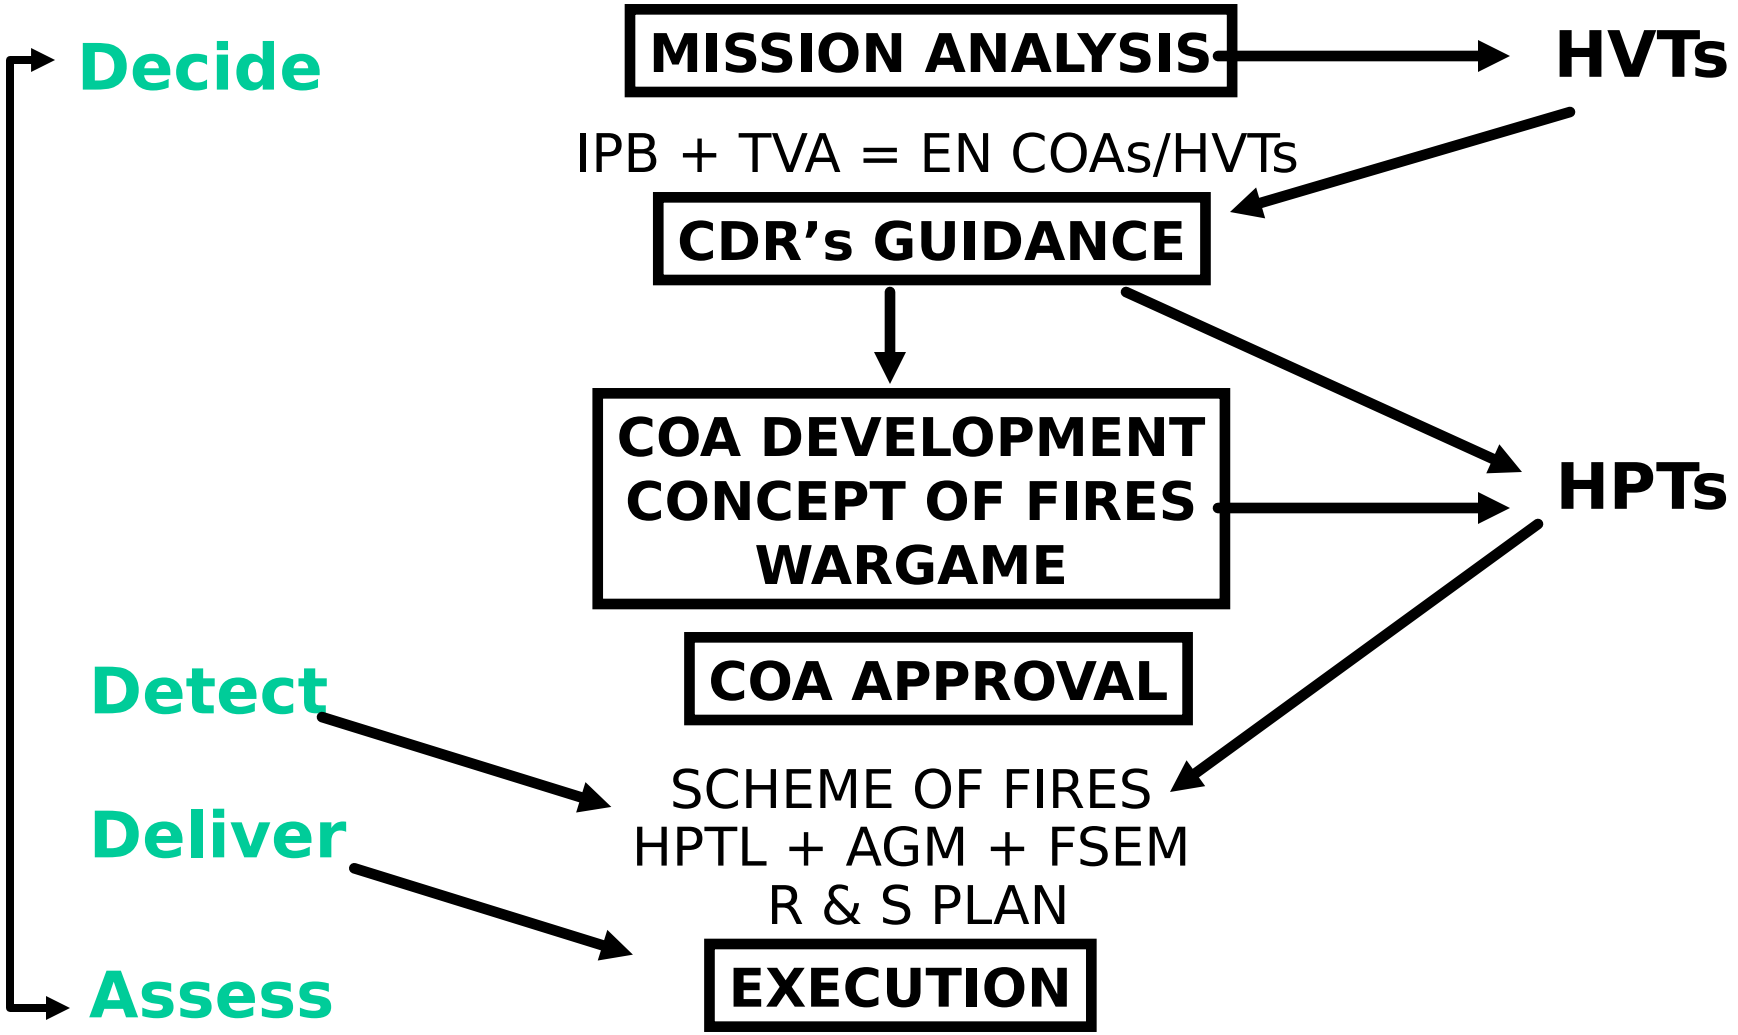
- **Provides feedback on the effectiveness of attack systems and tactics.**
  - **Battle Damage Assessment (BDA)**
  - **Munitions effects**



BDE TARGETING AND MDMP

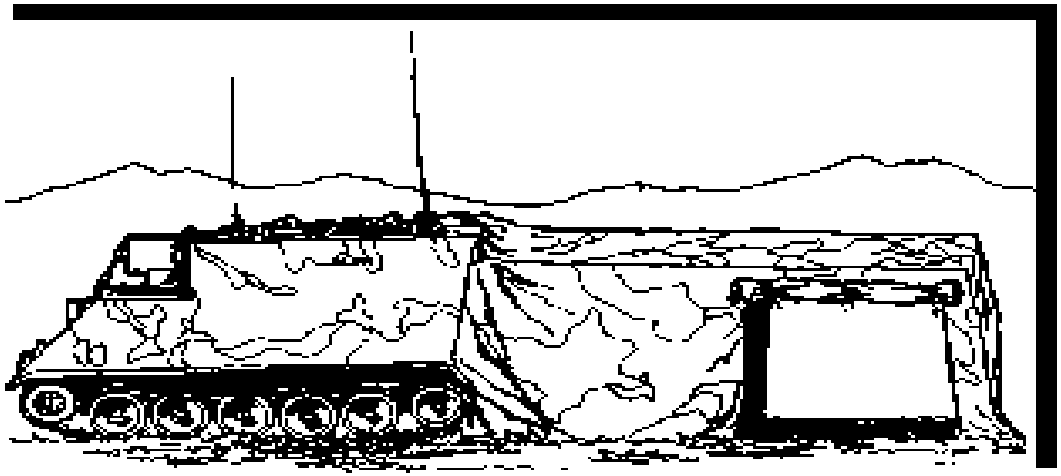


BDE TARGETING AND MDMP



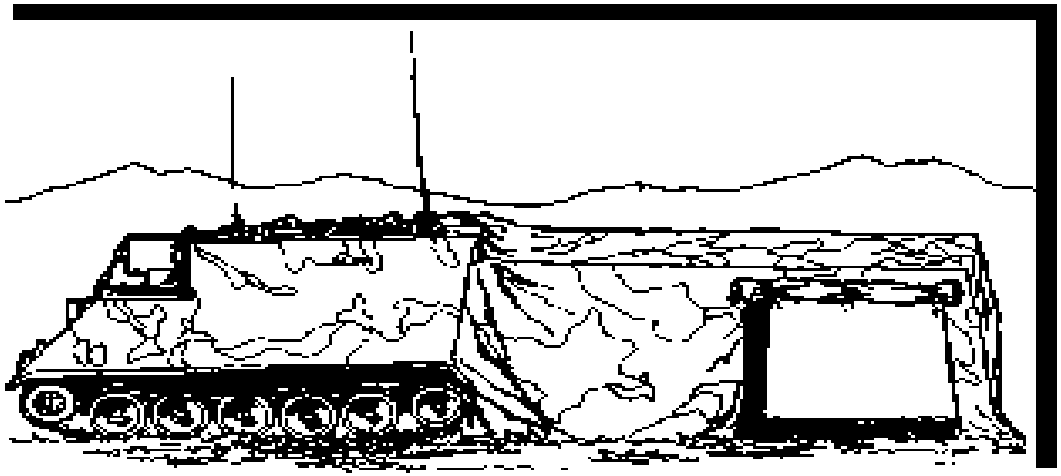
FS PLANNING

- **FSO must consider 3 vital sets of information:**
  - **Commander's intent and/or scheme of maneuver**
  - **Guidance from Higher FA HQ**
  - **METT-T**



FS PLANNING

- **FSO must consider 3 vital sets of information:**
  - **Commander's intent and/or scheme of maneuver**
  - **Guidance from Higher FA HQ**
  - **METT-T**



EXECUTING A FIRE PLAN

- **Every Tgt must have:**
  - **Primary shooter**
  - **Alternate shooter**
  - **Firing unit**
  - **Refinement**
  - **Rehearsal**
  - **Trigger point**

EXECUTING A FIRE PLAN

- **Every Tgt must have:**
  - **Primary shooter**
  - **Alternate shooter**
  - **Firing unit**
  - **Refinement**
  - **Rehearsal**
  - **Trigger point**

EXECUTING A FIRE PLAN

- Every Tgt must have:
  - Primary Shooter
  - Alternate Shooter
  - Firing Unit
  - Refinement
  - Rehearsal
  - Trigger Point

60 Minute Battle

3X8 = 24 guns/Bn

EXECUTING A FIRE PLAN

- Every Tgt must have:
  - Primary Shooter
  - Alternate Shooter
  - Firing Unit
  - Refinement
  - Rehearsal
  - Trigger Point

60 Minute Battle

3X8 = 24 guns/Bn

OFFENSE

- **The primary purpose of the offense is to destroy the enemy.**
- **Provide responsive fires to the maneuver forc**
- **Attack deep targets.**
- **Use aggressive counterfires.**

OFFENSE

- **The primary purpose of the offense is to destroy the enemy.**
- **Provide responsive fires to the maneuver forc**
- **Attack deep targets.**
- **Use aggressive counterfires.**

OFFENSE

- **Planning considerations:**
  - **Short of the LD/LC**
  - **From the LD/LC to the objective**
  - **On the objective**
  - **Beyond the objective**

OFFENSE

- **Planning considerations:**
  - **Short of the LD/LC**
  - **From the LD/LC to the objective**
  - **On the objective**
  - **Beyond the objective**

OFFENSE

- **Before the attack, soften the enemy defenses by attacking:**
  - **Indirect fire systems**
  - **Reserves and C2 facilities**
  - **Logistical centers**
  - **Assembly areas**
  - **Frontline troops**

OFFENSE

- **Before the attack, soften the enemy defenses by attacking:**
  - **Indirect fire systems**
  - **Reserves and C2 facilities**
  - **Logistical centers**
  - **Assembly areas**
  - **Frontline troops**

OFFENSE

- **During the attack, provide fire support by:**
  - **Using all available fire support**
  - **Destroying, neutralizing, or suppressing high-payoff targets**
  - **Providing priority of fires to the element in contact**

OFFENSE

- **During the attack, provide fire support by:**
  - **Using all available fire support**
  - **Destroying, neutralizing, or suppressing high-payoff targets**
  - **Providing priority of fires to the element in contact**

OFFENSE

- **During consolidation, plan fires:**
  - **To protect the reorganization**
  - **To defeat enemy counterattacks**
  - **To prevent enemy reinforcement, disengagement, or resupply**

OFFENSE

- **During consolidation, plan fires:**
  - **To protect the reorganization**
  - **To defeat enemy counterattacks**
  - **To prevent enemy reinforcement, disengagement, or resupply**

DEFENSE

- The immediate purpose of defensive operations is to defeat an enemy attack.
- Buy time.
- Hold key terrain.
- Facilitate future ops.
- Preoccupy the enemy in one area.

DEFENSE

- The immediate purpose of defensive operations is to defeat an enemy attack.
- Buy time.
- Hold key terrain.
- Facilitate future ops.
- Preoccupy the enemy in one area.

DEFENSIVE FIRE SUPPORT CONSIDERATIONS

- Attack the enemy deep.
- Plan fires to support the scouts.
- Support the obstacle plan.
- Support disengagements.
- Plan smoke and illumination.
- Plan FSCMs.
- Allocate Arty and Mortar fires.
- Plan CAS.
- Plan FPFs.

DEFENSIVE FIRE SUPPORT CONSIDERATIONS

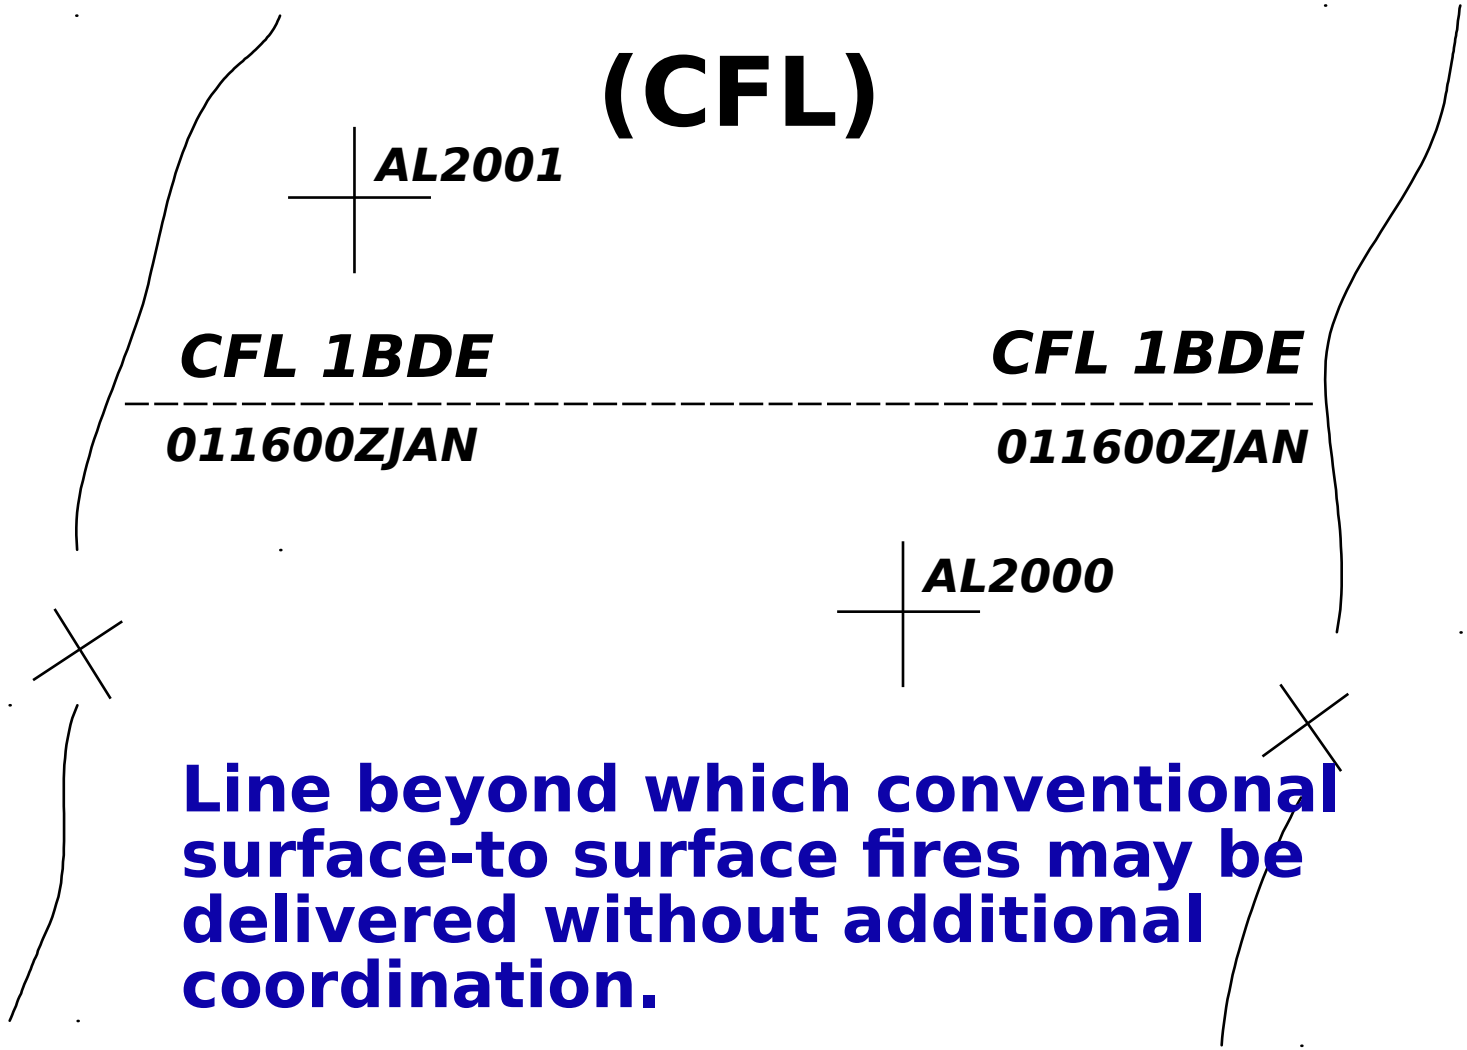
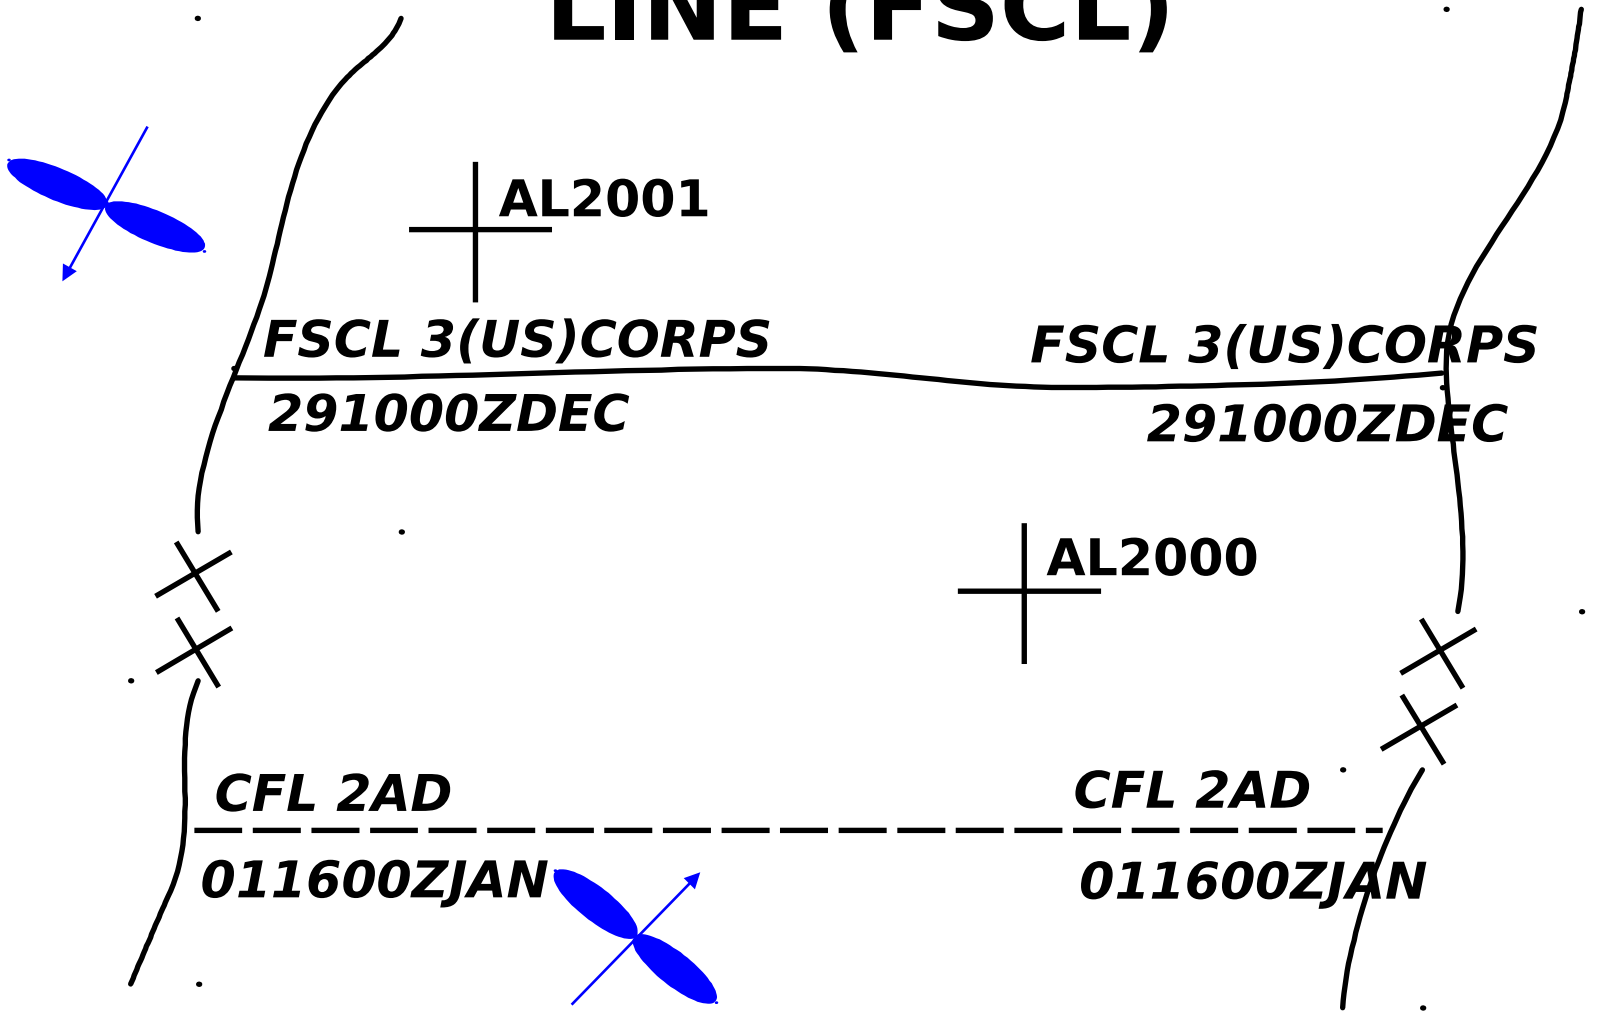
COORDINATED FIRE LINE (CFL)



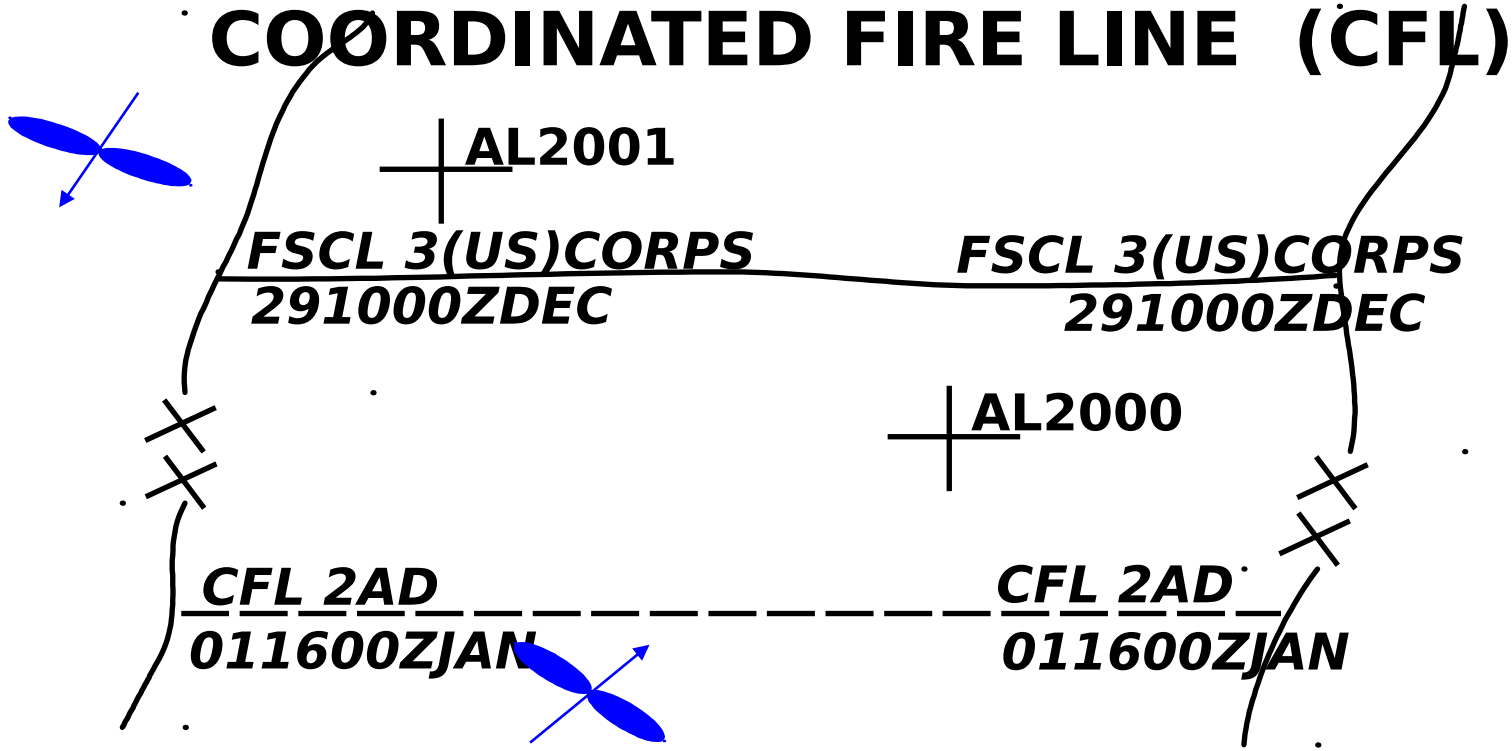
Line beyond which conventional surface-to surface fires may be delivered without additional coordination.

DELETE THIS SLIDE

FIRE SUPPORT COORDINATION LINE (FSCL)

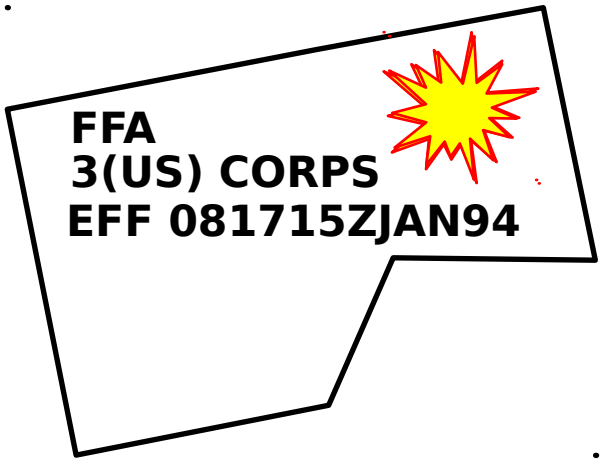


FIRE SUPPORT COORDINATION LINE (FSCL)
&
COORDINATED FIRE LINE (CFL)



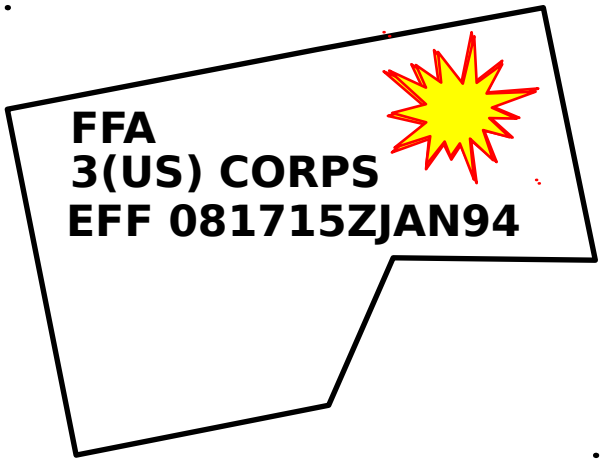
FSCL-Used to coord fires of air, ground or sea weapon systems to allo
corps supporting elements (ie. Air Force) to expeditiously attack tgts b
(solid line———)
CFL-Line beyond which conventional surface-to-surface fires may be d
the zone of the establishing HQ without additional coordination. (dash

FREE FIRE AREA (FFA)



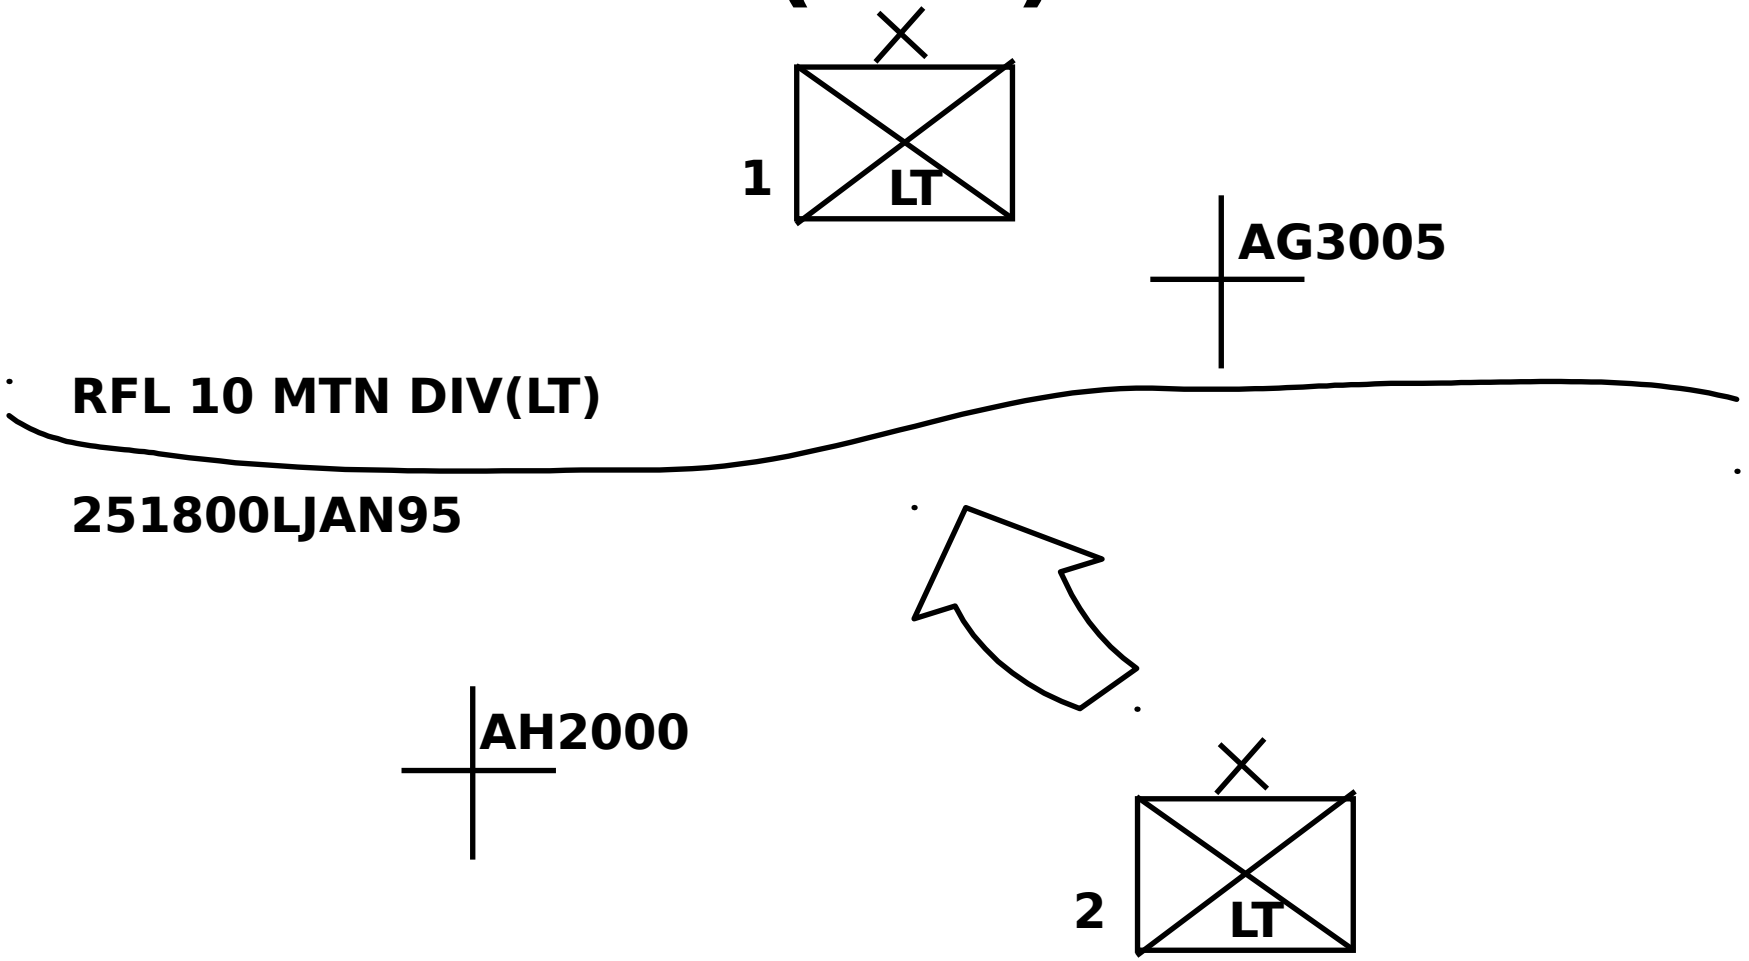
...An area into which any weapon system may fire without additional coordination with the establishing HQs...Normally established on identifiable terrain....

FREE FIRE AREA (FFA)

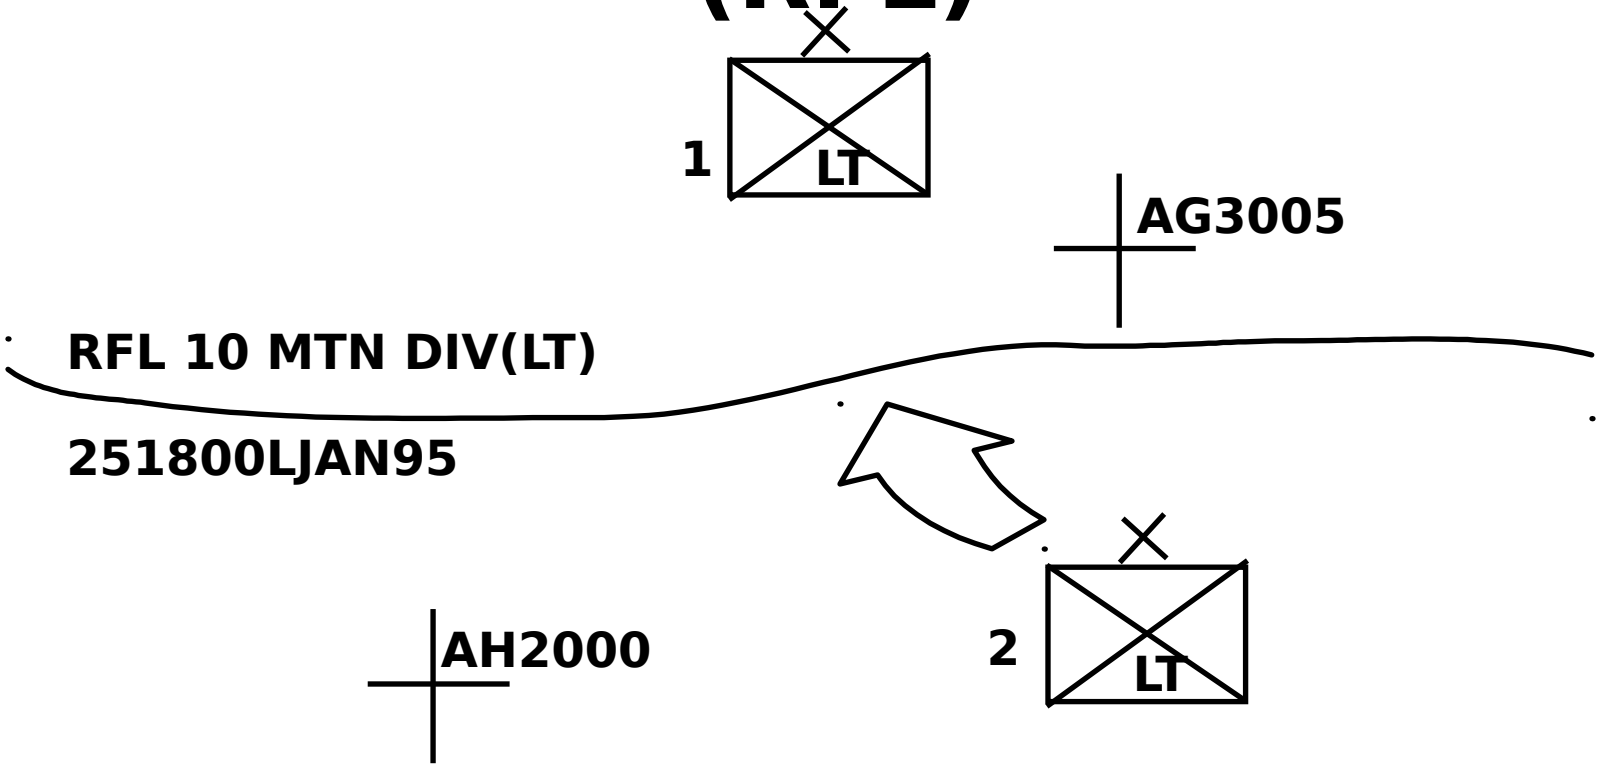


...An area into which any weapon system may fire without additional coordination with the establishing HQs...Normally established on identifiable terrain....

RESTRICTIVE FIRE LINE (RFL)



RESTRICTIVE FIRE LINE (RFL)



A line established on identifiable terrain between converging fr
that prohibits fires, or their effects, across the line without coor
the effected force.

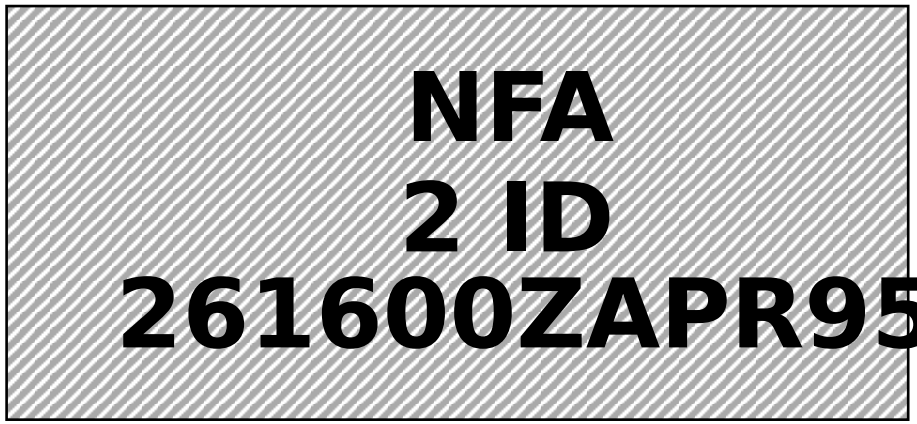
RESTRICTIVE FIRE AREA (RFA)

...An area with specific restrictions regarding fires into that area....

RESTRICTIVE FIRE AREA (RFA)

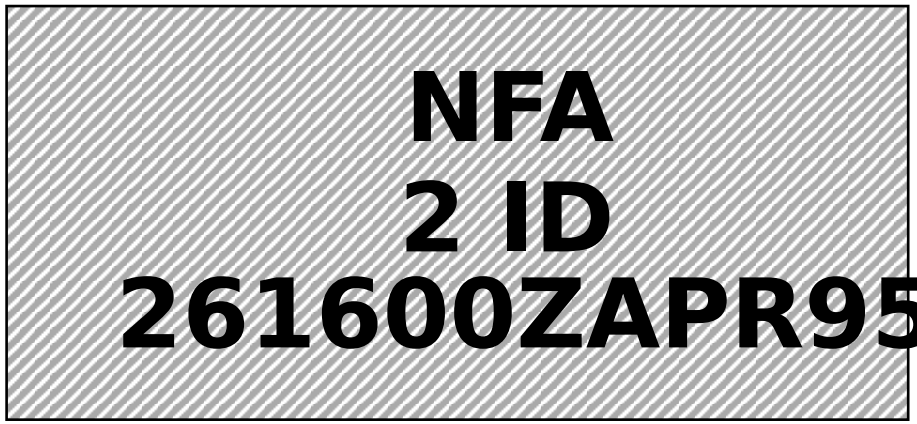
...An area with specific restrictions regarding fires into that area....

NO-FIRE AREA (NFA)



...An area into which no fires or their effects are allowed....

NO-FIRE AREA (NFA)



...An area into which no fires or their effects are allowed....

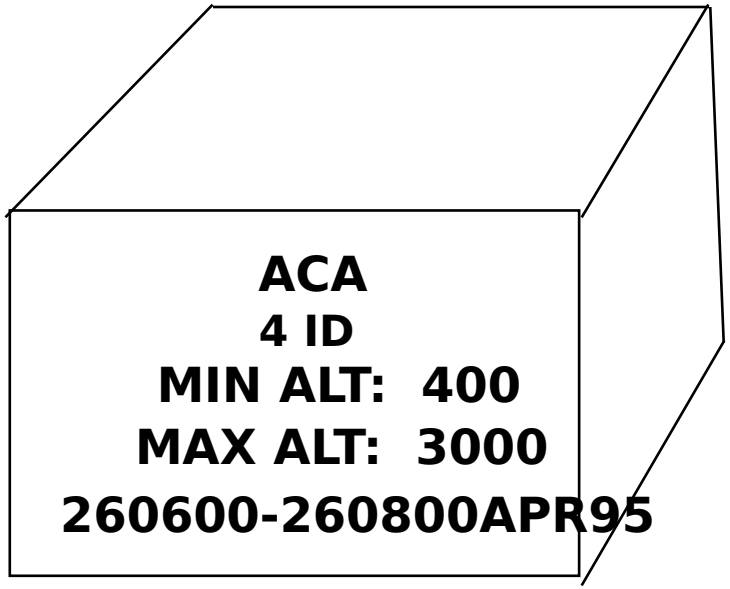
ACA

ACA

AIRSPACE COORDINATION AREA

...A block of airspace in the target area in which friendly aircraft are reasonably safe from friendly surface fires....

Formal ACA



Informal ACA

Most often used, and the preferred method....

* Lateral separation
* Altitude separation
* Time separation
* Alt and lateral separation

KEYS TO SUCCESSFUL FS PLANNING BDE/TASK FORCE LEVEL

- **Know the Higher HQ order and products.**
- **Clearly understand your Commander's intent and planning guidance.**
- **Effectively manage changes, set cutoff times to allow time to finalize, disseminate and rehearse the FS Plan.**
- **Synchronize the R&S Plan with the FS Plan.**
- **Rehearsals, Rehearsals, Rehearsals.....**
